

CASA HERRERA
MANUFACTURERS OF FOOD MACHINERY

Equipment Safety & Inspection

Raul Valdes

Tech Support Mgr.

MY BIOGRAPHY

I grew up in the desert farming community of Imperial County in southeastern California in the city of El Centro, CA. I graduated high school in 1981 from Central Union High School. Attended Imperial Valley College with an Associate of Science degree in General Education and graduated in 1989. Transferred to and attended Cal Poly University, Pomona , CA from Fall 1989 through Spring of 1993 and majored in Agronomy- Food Production with a minor in Pest Management. I am married to a wonderful woman, and we have one son who is proudly serving our country in the U.S. Air Force and is currently stationed in the far east.

I have been working at Casa Herrera since December 1993. First 2 1/2 years as a Quality Control Technician in the Testing Dept. and moved to Service Technician in 1996. I was a Senior Service Technician from 1999 until 2015. I've been managing the Technical Service Dept. of Casa Herrera, Inc. since October of 2015. I currently manage 4 technicians and 1 engineering assistant and as a team, we support customers throughout the world daily. Offering and supplying them with advice, parts, and service. I also manage the Testing Dept. and schedule all new and used equipment testing with product. Technical Service and assembly dept. teammates contribute tremendously with each test and they together, complete each machine or entire line.
